### WILD RUMORS WERE AFLOAT THAT STRIKERS WOULD ATTACK MILL

### MILITIA PREPARED

### Lieut-Col. McCully Notified Men to Be Ready for Call But Services Were Not Needed.

Persistent rumors to the effect that an attack would be made upon the Brogon cotton mills last night to take from the mills six employees brought here by the management from a neighboring city to pack and load goods for shipment and to give harsh treatment to these men and to the superintendent, caused the management of those mills to communicate with Governor Manning.

The governor was advised that the sheriff and his chief deputy had gone to Greenwood early yesterday to appear as witnesses in the federal court, and that they could not be located up to ten o'clock last night. The information, the source of which could not be divulged, was to the effect that the attack was going to be made by imported gunmen, who are in sympathy with strikers at these mills. It is believed that the strikers do not approve of the plan for an attack, and that they have not been consulted in the premises by those who were to take part in the attack. The local strikers know very little about the proposed attack, declaring that their only information came from the outside.

Governor Manning communicated with Lieut. Col. K. P. McCully, Jr., of the first regiment over the telephone, and directed him to keep the local militiamen in readiness, but not under arms at the armory, this not being considered necessary. A report became current over the streets at ten o'clock last night that those planning the attack on the mill and on the home of the superintendent had given up the proposed attacks on being informed that the militia was going to be ordered out and that the mill management had arranged for other protection to the mill employees stationed in the mill and the home of the superintendent.

Just who the parties are who proposed to make an attack on the mill last night is not known. The information is merely to the effect that "gunmen" and "thugs" compose the party and that they are to come from

other points than Anderson and this vicinity. There is no doubt in the minds of the officials of the mills about there being a well defined plan to make the attack, and they firmly believe that the attack was called off because of the protection arranged for by the management.

It is said that the telephone line leading to the mill office was cut early last night, and there has been no communication with the six men stationed inside the mill building. The strike at the Brogon mills started eight weeks ago yesterday.

Shortly before midnight Sheriff Ashley, Jailer Williams and a representative of this paper went to the mill and made a tour of inspection of the premises. There was absolutely no sign of rioting. Sentries kept out by the strikers were on duty in doubled force. This doubling of sentries is said to have been done on account of the rumors abroad in the city.

At each post sentries were asked if there were any signs of trouble and in each case the reply was that everything was very quiet. The sheriff warned the men at each camp not to allow any outsiders to come inside the mill property and to let the men in the mill alone. The pickets all stated that this had been done and that they were on the lookout for anything that looked suspicious.

Everything was quiet and promised to remain so, for the time at least. In regard to the telephone wires being cut, it seems that this was a mistake. The sheriff went to the mill about 1 o'clock this morning and called the Intelligencer over the Brogon mill phone, stating that everything was still quiet and that he expected no trouble.

# MAY RECOVER MONEY TAKEN BY PICKPOCKETS

### J. L. JACKSON'S SON GOES TO CHARLOTTE TO IDENTIFY MAN

### TAKES A WITNESS

### Mr. John Elrod, Who Saw Robbery, Accompanies Mr. Jackson to Charlotte.

In hopes of recovering some of the money stolen from his pocket on circus day in Anderson, Mr. J. L. Jackson has sent his son with Mr. John Elrod to Charlotte, N. C., to identify a man held there who was caught in the act of stealing a sum of money from another man.

It will be remembered that Mr. Jackson lost over \$100 on show day here, the money being taken from his pocket and Mr. Elrod saw the pickpocket reach his hand into Mr. Jackson's pocket. Mr. Elrod stated that he could easily identify the man. Mr. Elrod visited the jail and quickly recognized the man as the one he saw reaching into Mr. Jackson's pocket. The men who were arrested in Charlotte are being held and will be tried in a preliminary very soon. A warrant has been issued from Anderson for the man charged with taking Mr. Jackson's money in case he comes clear at the preliminary.

There were three men arrested on show day in Charlotte. One had something over \$800 on his person and the other two had about \$350 between them. It is very probable that Mr. Jackson will get a part of his money at least back from North Carolina.

# AT THE THEATRES

### 'A PAIR OF SIXES'

Laughter has always been acknowledged the universal panacea for all ills of the body and of the mind. If this is so, you will be able to credit yourself with many dollars on your doctor's bill by attending the performance of "A Pair of Sixes" at the Anderson next Tuesday. H. H. Frazer is bringing this laugh making play direct to Anderson from its successful run of nearly a year at the Longacre theatre, New York City, and the theatrical patrons of Anderson will probably crowd the theater at both performances. Not in twenty-five years has a comedy had so successful a run on Broadway as "A Pair of Sixes" enjoyed and the success was all the more unprecedented for the reason that the author, Edward Peple, had never dabbled in comedy before but had devoted himself to serious themes such as his successful "Prince Chap" and "The Little Rebel." "A Pair of Sixes" has certainly demonstrated his unusual versatility.

Teaching by Songs. In a certain colored school the pupils were undergoing a drill in the meaning and use of words. "John" said the teacher, "can you give a sentence containing the words 'defeat' and 'debasement'?" "Do feet slip on de steps, an' de bol fell into de basement!" announced John, triumphantly.

# MISS LEIZE BAILEY DIED SUNDAY MORNING

### Interment Held at Silver Brook Cemetery Monday Afternoon—The Pallbearers.

Miss Leize Bailey died at the Anderson county hospital Sunday morning at 12 o'clock. She was taken to the hospital Saturday morning and was suffering from an abscess of the brain, a disease, said by some, to have been brought on by the constant attendance of typhoid patients.

On Saturday night she was bright and cheerful, seemingly suffering but a little. Later in the night she grew worse and at noon on Sunday she died. She was the daughter of Mr. Alf M. Bailey of this city and was 26 years of age. She was ever patient and thoughtful in her work and was a general favorite to all who knew her.

The funeral was held Monday afternoon at the First Baptist Church. Her three brothers, Thomas, James and Robert, with her three first cousins, H. E. Bailey, R. M. Bailey and R. B. Poole acted as pall bearers. Dr. John E. White performed the last rites and the interment was made at Silver Brook cemetery.

# MR. WM. F. SLATON DIED THIS MORNING

Today marks the passing away of another of Augusta's Confederate veterans, Mr. William F. Slaton, who died this morning at 10 o'clock after an illness of six weeks in the 70th year of his age, at his home, 415 Green's Alley.

Mr. Slaton was a member of Camp 435, which body will attend the funeral, which will be held at St. John's Methodist church Sunday afternoon at 3 o'clock. Rev. S. P. Wiggins will officiate and the interment will follow in the City Cemetery.—Augusta Herald.

Reason For Industry. "You have turned every industrious lately, Tim," said one Tipperary man to another. "That I have, bedad," replied the other. "I was up before the magistrate last week for assaulting Cassidy, and the magistrate said if I came back on the same charge he would fine me two pounds." "Did he?" said the first speaker. "And you're working hard as to keep your hands off Cassidy." "Don't you believe it," said the industrious man. "I'm working hard to save up the 40 shillings."—Tit-Bits.
